Final Years Project

Online Admission System

The system is intended to facilitate the Educational Institute by offering web based online admission system. The system enables the Institute to completely automate the admission process included entry test if needed. Not only students qualified may also get updates of jobs corresponding to their education. It's a generic system and any Institute can use it according to their requirement.

HOBBIES

Awareness to new technology is my interesting hobby. I am also involved in all kinds of sports activities especially Badminton. Social media plays a vital role in enhancing my knowledge to know the world in a better way.
